University of Dhaka
BSc, Software
Engineering
2024 – Present

SUMMARY

Software Engineering student at the University of Dhaka with a strong foundation in algorithms, data structures, and C/C++ systems programming. Passionate about building practical software, competitive programming, and continuous learning. Seeking internship opportunities to apply engineering skills in real-world projects.

EDUCATION

Bachelor of Science in Software Engineering

2024 – Present

University of Dhaka

Coursework: Data Structures & Algorithms, Database Management Systems, Operating Systems, Software Requirements Analysis, Design Patterns

Higher Secondary Certificate (Science)

2020 – 2022

Science Background

Strong foundation in mathematics, physics, and computing fundamentals.

PROJECTS

TetriC

2025

Console-based Tetris game implemented in C with multiplayer support via socket programming, multiple game modes, high score tracking, and terminal UI.

github.com/Shourov735/TetriC

Portfolio Website

2025

Content-driven developer portfolio with JSON-driven architecture, dark/light theme, responsive design, and a Vercel serverless contact endpoint.

github.com/Shourov735/portfolio

Codeforces Solutions Archive

2024 – Present

Collection of optimized solutions to competitive programming problems on Codeforces, with a focus on algorithms and number theory.

github.com/Shourov735/Codeforces

SKILLS

Languages

C, C++, Java, JavaScript, HTML/CSS

Tools & Platforms

Git, GitHub, Linux/Shell, VS Code, Vercel

Concepts

Data Structures, Algorithms, OOP, Socket Programming, Database Design

ACHIEVEMENTS

- Solved 150+ competitive programming problems on Codeforces and LeetCode
- Secured merit position 735 in University of Dhaka admission test
- Developed TetriC — a multiplayer terminal-based Tetris game in C using socket programming
- Maintained multiple open-source solution repositories on GitHub

CURRENTLY LEARNING

Operating systems, design patterns, backend fundamentals, and competitive programming with a focus on number theory and data structures.
